Dated: September 29, 2015
Venue: University of Management & Technology, Lahore

USAID Small Grants and Ambassador's Fund Program
This project has been funded by the American People through the U.S. Agency for International Development (USAID).
Opportunities and challenges for Pakistani women in IT sector

Sanjhi Preet Organisation has organised a consultative workshop at UMT. This workshop was basically organized for female IT graduates with the provision of internship to enhance the employability of women in IT sector. Currently, the situation of employability of women in IT sector is only 14pc. Sanjhi Preet Organisation is working with the collaboration of USAID under Small Grant Ambassador Programme (SGAFP) to enhance the employability for women in IT sector. The consultation workshop was attended by Ahad Hussain Gilli (CEO, Sanjhi Preet Organisation), J. Rehmat Ali, Project Coordinator, Fereida Akbar (Head of Program Sanjhi Preet), Chairperson Punjab Communication Node, Fazllah Wajee, Shabbir Ahmad, President of Women Chamber of Commerce and Industry (WI) and a large number of students.
